BOARDING POLICIES/VETERINARY RELEASE

PROOF OF VACCINATIONS

To ensure the health of all pets staying at Wyatt's Bed & Biscuit, we require without exception proof of vaccinations from your veterinarian's office showing current Rabies, DHPP (for dogs under 5 years of age) and *Bordetella (kennel cough). * Bordetella vaccination can be administered via injection, nasal drops or orally; ***we offer the oral or nasal kind here at the kennel for \$20.00.*** Proof of vaccinations can be a letter or vaccination records from your veterinarian that can be emailed to us prior to your reservations. . Rabies tags on collars are NOT acceptable proof.

DROP OFF AND PICK UP

You may drop off or pick up your pet anytime during our operating hours (though we will ask you when making reservations if it will be an 'AM' or 'PM' drop off and pick up). **We operate just like a regular hotel/motel. Regular checkout time is during our morning hours. Pick up during morning hours = no charge for that day. Pick up during afternoon hours = full nights' charge.** We are closed to the public every afternoon without exception. On most major holidays, we will offer one pick up drop off. We are closed for Easter, Thanksgiving and Christmas. During our off hours, please do not honk your car horn at a closed gate or call us and expect to be let in unless prior arrangements have been made and approved. Thank you for understanding.

INTACT MALES AND FEMALES

Wyatt's Bed & Biscuit reserves the right to refuse to board un-sterilized dogs. Intact dogs will NOT be allowed out in play groups. Intact male dogs or even neutered male dogs that do board with us and are prone to marking will be charged a one-time service fee of \$15.00. **WE DO NOT ACCEPT INTACT FEMALES WHO ARE IN ACTIVE HEAT**, however, intact female dogs that are boarded with us in-between heat cycles and wind up going into heat during their stay will be charged a one-time service fee of \$15.00.

FOOD

We do offer house food, please ask if your pet has allergies. Sometimes being in a new environment can cause tummy upset and switching abruptly to a new diet can do the same. We have a fridge for any food that requires it. You may send your pets food in individual zip-lock baggies (if they eat dry only; we will mix with canned food when needed) with the correct amounts or send enough for their visit (always pack a little extra just in case) in a secure lidded container. We have a variety of measuring scoops and cups but feel free to include your own with your food. ***Treats are welcome except for rawhide or rawhide type treats. PLEASE DO NOT SEND LARGE BAGS OF FOOD FOR A SHORT STAY AS OUR STORAGE SPACE IS LIMITED.***

BELONGINGS

While we do provide a large variety of bedding (pads, quilts, solid blankets or off the floor beds). You may include a small blanket, shirt or towel from home; a familiar scent is comforting for pets new to boarding. Feel free to send 1-2 toys if you like as well, make certain all belongings are marked with your pets' names. **PLEASE DO NOT SEND:** Food or water dishes (Slo-bowls are ok), Glass containers of any kind, ripped toys or with stuffing coming out, Stuffed toys with hard plastic eyes or noses, Squeaky toys, Tennis balls or Frisbees.

MEDICATIONS

We expect that some of our guests might require medications. If your pet requires prescription medication, topical ointments to be applied, eye drops or ear drops we charge a fee of \$2.00 per day for 1-2 medications and \$5.00 per day for 3 or more medications. We generally do not charge for vitamins or supplements that can be safely placed in your pets' food but if there are multiple vitamins or supplements to be mixed in, we will charge for that. Many pets take their meds either in cheese or peanut butter, we provide those products here at the biscuit. If your pet requires 'Pill Pockets' or deli meats, you must provide your own. If your pet is on a prescription medication or supplement, please try to send in the prescription bottle, or if you are putting pills in other containers, please make certain to write out in clear lettering the name of the drug and the correct dosage. It is extremely important for us to know the exact medication and dosage in case of any emergencies.

SPECIAL NEEDS DOGS

Occasionally we get calls asking if we can board pets with certain special medical needs. The answer depends on what exactly your pets' needs are. We can accommodate dogs with arthritic conditions, blind dogs, deaf dogs, dogs on seizure meds who do not have active seizures. However, if your pet meets any of the criteria listed below, boarding at your veterinarians' office or having a pet sitter come into your home may be the best option.

- Incontinent (cannot control their bladder or bowels when getting up/down)
- Extremely fragile or elderly and needs a quiet environment.
- Has just had surgery and is wearing a cone or has stitches still in place.
- Needs medication, special care or feeding outside of our regular hours of operation.
- Has regular active seizures

AGGRESSIVE DOGS

Wyatt's Bed & Biscuit reserves the right to refuse admittance to any dog of *any breed* that we deem to be aggressive upon visual inspection. We realize there are many breeds that have a bad reputation and though they may not be aggressive to you the owner that can change when your pet is in new surroundings.

PAYMENTS

Payment is required upon pick up. We gladly accept all major credit cards, cash and local checks.

VISITORS BY APPOINTMENT ONLY

We understand the need to see the place where you are considering boarding your pet and while we are quite proud of our kennel and love to show it off we feel the photos of our facility in the gallery are sufficient. If you've scrolled through our gallery and still would like to visit, please call us at 803-335-2828 to schedule a visit; we usually allow visitors weekday mornings between 10am-12pm.

We will give you a small tour of our facility; the kennel area can only be viewed through a window as we find it's disruptive to our boarded guests to have visitors in the kennel area. Please do not bring your pet to your scheduled appointment.

VETERINARY CARE/RELEASE

If there is an emergency and your pet should require veterinary care while staying with us, we will work with your veterinarian or the local Emergency Veterinary Clinic to provide the required care. We use Aiken Veterinary Clinic as our main veterinary practice should you not designate a particular clinic. Whenever possible, we will contact you or the person you designate at the emergency number you leave us, if such care should be required.

If my pet should become ill or injured, I request that Wyatt's Bed & Biscuit take my pet to my preferred listed vet. If my vet is unavailable, I authorize Wyatt's Bed & Biscuit to take my pet to their preferred veterinary clinic, Aiken Veterinary Clinic or to seek emergency treatment after business hours at the Animal Emergency Clinic of Augusta or any other emergency clinic available at the time. I give permission for Wyatt's Bed & Biscuit to approve treatment of my animal up to the amount of: \$_____.

- I understand that should a veterinary emergency arise; I will be contacted by Wyatt's Bed & Biscuit as soon as possible.
- I understand that Wyatt's Bed & Biscuit assumes no responsibility for the actions and decisions of the veterinary staff, or the loss of my pet.
- I will assume full responsibility upon my return for payment and or reimbursement for any veterinary services rendered.
- This agreement is valid from the date signed below and grants permissions for future veterinary care without the need for additional authorizations, during each time Wyatt's Bed & Biscuit cares for my pet.
